HAND DELIVERY

Re: In re '318 Patent Infringement Litigation,
Civil Action No. 05-356-SLR (Consolidated)

Dear Francesca:

In response to your June 28, 2007 email in the above-referenced matter, I provide the following response on behalf of the parties:

1. Enclosed is PX 1401a. Please let us know if any other trial exhibits are missing.
2. The parties do not believe that any portion of the trial exhibit list needs to be redacted. The trial exhibit descriptions do not themselves contain sufficient confidential information to warrant doing so.

We would be pleased to answer any questions in connection with the trial record.

Very truly yours,

Steven J. Balick
